Story Wars "Suggestion Box" Experiment 2

👁 50 ✔ 7 ⭐ 7

Chapter 1 by Story Wars

(Inspired by Luke Meyers)

Ok guys! I have the EXACT same rules as Luke Meyers (I just copied and pasted his first draft). Here they are.

Post your suggestions as drafts, and the best suggestion wins each round. As the "story" grows, we'll have a community-voted list of ideas that may help inform dev priorities.

Ground rules:

- One suggestion per draft. Keep it concise.

- Be nice.

- No repeats or off-topic posts.

To avoid redundancy, here are some suggestions that have already been covered (in blog post comments) and don't need to be repeated:

- Better ways of looking up stories, such as sorting and filtering on various fields.

- A user forum (with a place for suggestions)

- "Writing challenges" such as using specific words, only one line per post, etc.

- A Group Chat. I would think it would be helpful if you could invite other people to chat with you and your friends. It would make it so much easier so then you wouldn't have to go back and forth between you and 2 (or more) people. I would mainly use this because I have A LOT of friends from school that I chat with. Thx!

P.S.- Luke Meyers, I don't want to be a copy cat, I just really like your idea, and I want to continue it for everyone (Especially Jokaim). Thx!

Okay, let's hear those ideas! (Again!)

Chapter 2 by Sorelle

1. We should be able to see which chapters of ours won and what story they won in.

Chapter 3 by Wolfato the Bunacado (Wolves4Days) - Inactive

We should have group chats, but only with people that we invite to the chats.

Chapter 4 by The Harlequeen

We should get autotomatic gems for writing a draft every day, rather than being lazy and clicking the gem thingy.
